

Curriculum & Competencies Assessment & Reporting

Moving from Finding Out to Figuring Out

Guiding Principles

- Personalizing learning – tapping into student interests to help them learn
- Core competencies balanced with a solid foundation of skills (reading, writing and math)
- Applying what students have learned to real-life situations
- Gaining the skills to enter post-secondary and the workforce
- Strengthening the ability to compete in a global economy

Why is BC's curriculum changing?

How is curriculum changing?

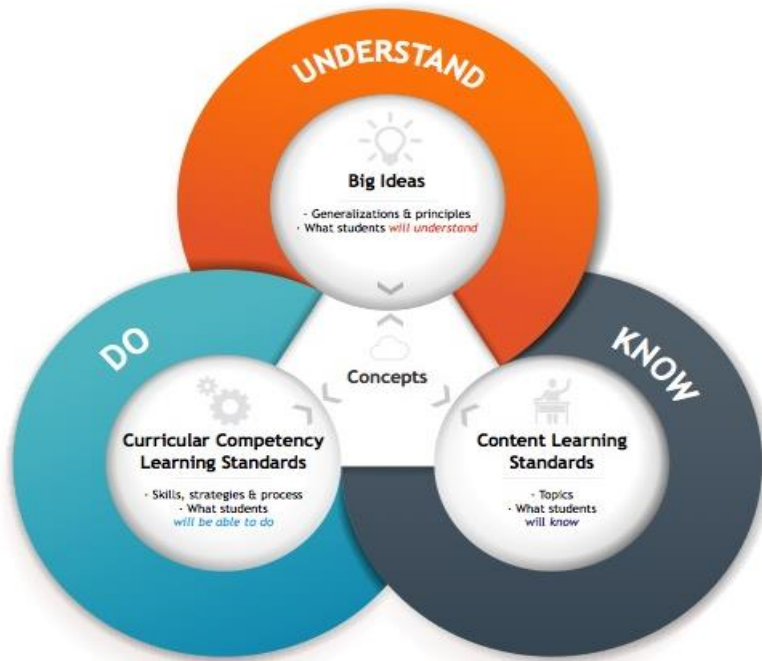

What will be the same?

What will be different?

Curriculum Model

- Content (Know)
- Curricular Competence (Do)
- Big ideas (Understand)

What are the benefits of the new curriculum?

Curriculum
